

KleenBore®
KLEENED TO PRECISION

2026

ENGINEERED FOR **EXCELLENCE.**
BUILT FOR **YOU.**

WELCOME TO KLEENBORE®

A TRUE FAMILY **PARTNERSHIP**

At KleenBore®, we take great pride in carrying forward a tradition built on family values, craftsmanship, and a commitment to shooters everywhere. As a family-owned company, we understand that firearms are more than just cleaning accessories—they're part of a heritage, a lifestyle, and often a way of life passed from one generation to the next.

For decades, KleenBore® has been trusted by sportsmen, hunters, law enforcement, and the U.S. military for dependable firearm maintenance products. Every rod, brush, patch, and solvent is made with the same care and attention to detail that we would want for our own firearms. We stand behind our products because we use them ourselves, and we believe in delivering quality that lasts.

When you choose KleenBore®, you're not just buying a cleaning product—you're joining a family that takes pride in quality, innovation, and service.

PRECISION DRIVEN BY INNOVATION

These values define every product that carries the KleenBore® name. What began as a commitment to making reliable cleaning accessories has evolved into a full line of professional-grade maintenance solutions trusted by shooters everywhere. Each formula, brush, and solvent we create reflects a balance between heritage craftsmanship and forward-thinking innovation—because true performance starts with care you can trust.

PRECISION. **INTEGRITY.** PERFORMANCE.

ALL AMERICAN DISPLAY

KWICK-KLEEN PULL THROUGH ROPE CLEANER

This all-in-one pull-through rope cleaner combines embedded phosphor-bronze bristles for scrubbing with a soft rope that wipes the bore in a single pass. A weighted brass tip—clearly stamped with the caliber—makes threading effortless, and each rope cleaner includes a CLP packet for quick, on-the-go maintenance. Our best-selling Rope Cleaners are also available on the Rope Cleaner Display (Item # RC-DISPLAY) for an eye-catching, ready-to-stock presentation.

Next-Level Kleening Power

More contact means a cleaner barrel. Cleaning a bore should not be an all-day job, the mission is simple: finish faster and finish right. Our brushes pack up to four times the surface engagement compared to conventional brushes, cutting fouling in fewer passes and saving valuable range time. Upgrade to high-performance gun care and get back to what you love,

MAXKLEEN PHOSPHOR BORE BRUSHES

Built on Generations of Proven Performance. Trusted for over a century, these brushes feature a tightly spiraled design that scrubs fouling thoroughly while protecting your barrel. Crafted from rugged phosphor bronze, they hold their shape and deliver consistent cleaning pass after pass.

MAXKLEEN NYLON BORE BRUSHES

Tough, Flexible, and Barrel-Safe. Favored by top firearms manufacturers, these rugged nylon brushes combine dense bristles with natural elasticity for long-lasting, gentle-yet-powerful bore cleaning, perfect for stubborn fouling and routine maintenance.

MAXKLEEN COTTON BORE MOPS

Soft touch, total kleen. Our premium, reusable cotton mops provide a gentle yet thorough clean, protecting your firearm's finish while delivering consistent results across every barrel size.

MAXKLEEN SPEAR TIPPED JAGS

For a perfect fit, pair our speared tip jag with the proper patch. This jag provides full-bore contact to sweep out fouling and residue. A barbed tip locks the solvent-soaked patch in place for a secure, effective clean. Best used with KleenBore® patches for an exact fit.

MAXKLEEN NON-SPEAR TIPPED JAGS

Purpose-built for air rifles and pistols, this jag ensures accurate bore cleaning and doubles as a convenient pellet pusher for easy loading and maintenance.

MAXKLEEN SLOTTED PATCH HOLDERS

Crafted for a precise fit and superior cleaning efficiency, these patch holders distribute solvent evenly while lifting stubborn fouling.

MAXKLEEN SLOTTED PATCH HOLDERS BRUSHES

Engineered for efficiency, the Patch Holder Brush pairs a firm patch holder with a heavy-duty phosphor-bronze brush. This unique design breaks up and traps tough bore fouling, ensuring deep, effective cleaning in one step.

SAF-T-CLAD™
ITEM # ACC13-SAF

Rod Accessory Adapter (#8-36 male & #8-32 female thread), Military Rod to Commercial Thread.

BLACK OXIDE
ITEM # ACC13

MUZZLE GUARD

The Polymer Muzzle Guard fits .203 diameter cleaning rods, protecting the barrel's crown and ensuring accuracy. Simply slide it onto the rod before attaching accessories to the end of the rod.

ITEM # ACC24

ACCU-WEDGE

The Accu-Wedge improves the fit between AR-15/M16/M4 receivers by buffering the bolt carrier and reducing wear. It installs easily under the rear takedown pin for a solid feel.

AR-15 / M16 ITEM # ACU-1

SHOTGUN ADAPTERS

ALL Gauges

BRASS
ITEM # ACC23

ALUMINUM
ITEM # ACC17

This Rifle to Shotgun Thread Adapter allows you to convert any #8-32 threaded end to accept American Standard Shotgun #5/16-27 threaded accessories. Designed for convenience, it features finger grooves for quick, easy threading between accessories.

CHAMBER FLAG

SOLD IN 2 PACK

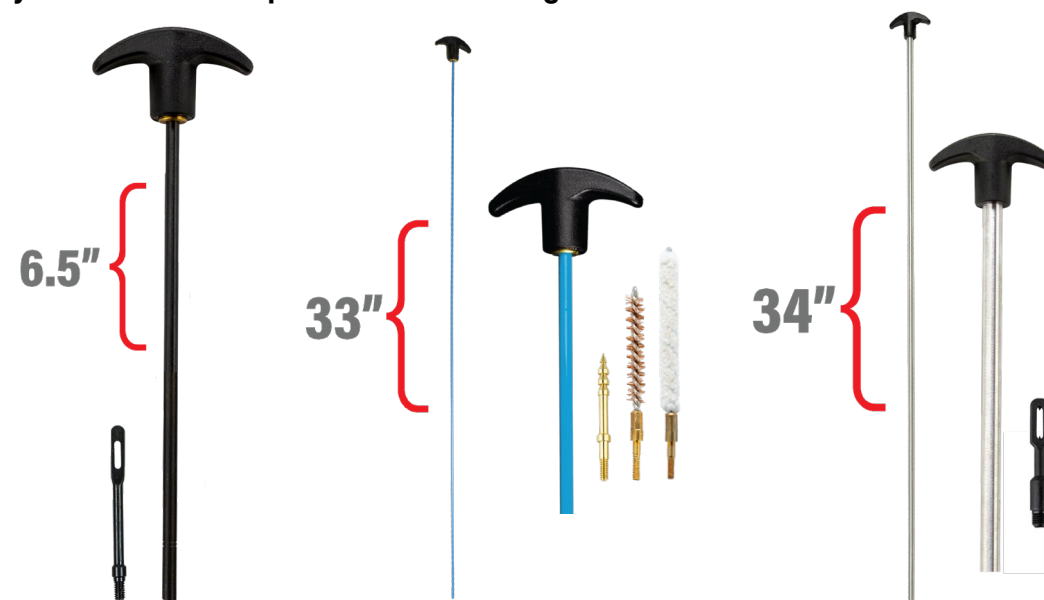

The Chamber Flag is for semi-auto handguns (.40 Cal./ .45 Cal./9mm/10mm) to enhance safety. It signals that the firearm is clear and cannot chamber a round, providing added security during transport or storage.

.40 Caliber / .45 Caliber / 9mm / 10mm ITEM # KB-CF

ONE-PIECE RODS

One-Piece Cleaning Rods—available in steel, aluminum, and SAF-T-CLAD® finishes from 6.5" to 44"—feature precision construction and smooth-rotating nylon handles for optimal bore cleaning from muzzle or breech.

Super-carbon fiber rods deliver lightweight strength and non-marring bore protection, while the ergonomic full-size handle with ball bearing rotation and #8-32 threading ensures smooth, effective cleaning and accessory compatibility.

The reusable ClayMate cleans 12- and 16-gauge shotguns fast—full-size grip, bronze brush to loosen fouling, debris-capturing fibers, and a brass fitting secures the brush and prevents debris buildup.

MULTI-SECTION RODS

Our precision-manufactured multi-section rods ensure straightness, surface smoothness, and easy maintenance. The multi-section design breaks down quickly for convenient storage and transport. All rods are softer than barrel steel to protect the bore, with fixed shotgun handles for added control. Each rod comes in durable, reusable packaging for long-lasting protection.

KLEENBORE® MIL-SPEC CLP (POWERED BY BREAK FREE)

Originally developed for the U.S. Military, this MIL-SPEC 63460F Type-A CLP has been proven in the harshest conditions. It cleans powder residue and fouling, protects against rust and corrosion, and reduces friction without breaking down under extreme pressure or temperatures (-65°F to 475°F, including saltwater immersion). Available in single bottles or counter top displays, with a needle oiler option for precise application.

1 oz. Dropper - **Single** ITEM # KB-MSCLP-1

1 oz. Dropper Display - **20 qty.** ITEM # KB-MSCLP-DISPLAY

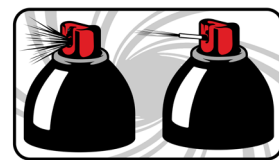

BLACK MAGIC GUN BLUING

A high-performance cold blue trusted by major firearm manufacturers, Black Magic restores worn or scratched gun metal to a deep, like-new finish. Once reserved for gunsmiths, this professional-grade formula delivers fast, penetrating action and comes with easy-to-follow instructions. Packaged in a 2 oz. (60ml) bottle with a child-resistant cap. Made in USA.

ITEM # GB2

2 OZ

DUAL SPRAY SYSTEM

GUNK-OUT™ DEGREASER

A powerful synthetic-safe cleaner, GUNK-OUT™ blasts away oil, dirt, and powder residue while evaporating quickly to solve common malfunction issues. Safe on plastic, wood, rubber grips, laminates, composites, and camo finishes, it makes firearm maintenance fast and easy. Features KleenBore's exclusive Multi-Function Cap for straw or mist application with the same can. Available in a 14 oz. spray. Use oil after cleaning to protect metal surfaces.

ITEM # G05A

14 OZ

CLP WIPES

These soft, absorbent wipes are pre-saturated with MIL-SPEC CLP formula cleans, lubricates, and protects firearms. Convenient and ready to use, they're also ideal for maintaining outdoor gear, fishing equipment, and knives—making them a versatile solution for quick maintenance anywhere.

Small Pack of Wipes - **6 qty.** ITEM # KB-BF-6PK

Case of Wipes - **50 qty.** ITEM # KB-BF-CASE

Rust Guardit™ NITRO SOLVENT & RUST PREVENTION OIL

The ultimate rust prevention for firearms. Rust Guardit™ penetrates deep into metal pores to clean, lubricate, and protect inside and out. Its advanced formula removes fouling, primer residue, carbon, plastics, and dirt, while providing long-lasting protection against rust and corrosion—even in the presence of water. It also withstands high heat and pressure during firing to ensure smooth performance.

Chamois Jar: Includes a durable, lint-free leather chamois cloth for wiping down all firearm surfaces and other metal parts. Safe on stainless steel, chrome, nickel, and blued finishes

Will not harm synthetic, plastic, or polymer frames and stocks

Chamois Jar - **Single** ITEM # RG-J

MICROFIBER WAFFLE WEAVE CLOTH - 2 PACK

These 18" x 18" waffle weave microfiber cloths absorb up to seven times their weight in liquid, making them perfect for cleaning firearms, tools, and knives. The textured weave provides effective scrubbing while staying non-abrasive, lint-free, and streak-free for a polished finish. Reinforced hemmed edges extend durability, and each cloth can be washed and reused hundreds of times.

ITEM # MCR

LEAD AWAY™ TREATED CLOTH

This 8.75" x 11.25" treated cloth quickly removes tough lead and carbon buildup, making it excellent for cleaning burn rings on revolver cylinders and stainless steel surfaces. With over 100 square inches of cleaning power, it's a reliable solution for stubborn fouling.

***Not recommended for use on blued or case-hardened finishes.*

ITEM # GC221

SILICONE GUN & REEL CLOTH

This 10" x 10" treated cloth is excellent for wiping down firearms and other metal surfaces after use or reassembly. It easily removes handling marks and fingerprints, restores luster, and provides short-term rust protection—making it a handy, must-have cloth for maintenance at home or in the field.

ITEM # GC220

COTTON FLANNEL PATCHES

Made in the USA from premium 100% cotton flannel, these patches are engineered for exceptional absorbency and superior bore protection. Each patch is precision-cut for a consistent fit, ensuring reliable performance across a wide range of firearms. Double-napped on both sides for enhanced debris retention, they pair perfectly with KleenBore® jags to remove fouling and residue, delivering a thorough clean every time.
